

As Head of the Waste and Environmental Safety Section at the IAEA, Mr. Andrew Orrell addresses the development of the internationally-accepted safety standards for the management of radioactive waste, decommissioning, and remediation. Mr. Orrell provides support to the IAEA Member States for the implementation of the IAEA Safety Standards, and the Joint Convention on the Safety of Spent Fuel Management and on the Safety of Radioactive Waste Management. Before joining the IAEA, Mr. Orrell was the Director of Nuclear Energy Programs for Sandia National Laboratories, responsible for laboratory development initiatives involving all facets of the nuclear fuel cycle.
