

Phil Hallington, Head of Policy, Sellafield Ltd.

Phil has over 40 years experience in the Nuclear Industry. During this time he has Constructed, Commissioned and Operated fuel storage, reprocessing and waste management facilities. He has 25 years experience in a wide range of Senior Management roles within the Company.

In the context of the Fukushima Forum, Phil led an initial visit to Tokyo in April 2012 as part of the UK support to Japan. This has resulted in establishing the TEPCO/Sellafield Ltd cooperation agreement in May 2014, which is bringing significant benefits to both companies delivering complex clean-up programmes.
