中島 健

京都大学名誉教授

Ken Nakajima

Professor Emeritus, Kyoto University

DAY.2

北海道大学大学院修士課程修了後、1982年から2003年まで日本原子力研究所（現、日本原子力研究開発機構）に勤務。その後、京都大学原子炉実験所（現、複合原子力科学研究所）に助教授として着任。2007年より教授。2021年4月からの2年間は所長を務め、2023年3月に退職。また、2020年6月から2021年6月まで日本原子力学会会長を務めた。

専門は原子炉物理、臨界安全、研究炉の安全管理、原子力工学の人材育成など。

Ken Nakajima is a professor emeritus of Kyoto University.

After completing the Master course at Hokkaido University, he worked at the Japan Atomic Energy Research Institute (now the Japan Atomic Energy Agency) from 1982 to 2003. After that, he was appointed as an associate professor at the Kyoto University Research Reactor Institute (now the Institute for Integrated Radiation and Nuclear Science). Professor since 2007. He served as director of the institute for two years from April 2021 and retired in March 2023. He also served as President of the Atomic Energy Society of Japan from June 2020 to June 2021.

His research interests include reactor physics, criticality safety, safety management of research reactors and human resource development in nuclear engineering.
